

Swaddling Consent for an Infant

Placing a swaddled infant down to sleep in a licensed setting is *not* recommended for an infant of any age* and is prohibited for any infant who has begun to roll over independently.

However, with written consent of a parent or guardian, a license holder may place the infant who has NOT YET BEGUN to ROLL OVER ON ITS OWN down to sleep in a crib, on their back, in a one-piece sleeper equipped with an attached system that fastens securely ONLY across the upper torso, with no constriction of the hips or legs, to create a swaddle.

Any other type of swaddle, including with a blanket, is prohibited.

Prior to any use of swaddling for sleep by a licensed provider, the license holder must obtain informed written consent for the use of swaddling from the parent or guardian of the infant. The parent or guardian must demonstrate to the provider how to safely place baby in the swaddle so it is not too tight or too loose.
